Application Timeline & Review Process

Application Timeline

Review Process

Applicant Validation

During the review process, AHS will verify any/all the following information (as applicable):

- Eligibility of the applicant (e.g., domiciled in Vermont, open before Feb 2020, etc.)
- W-9 accuracy
- ACO fixed payments and status of participation
- Economic Recovery Grants received from the State of Vermont (e.g., Round One HCS grant awards, ACCD grant award, etc.)
- Federal Funds received
- FEMA eligibility

Award Calculation

An applicant must have qualifying COVID-19-related revenue losses and/or eligible COVID-19-related expenses that have not already been covered by another source to receive an award to demonstrate an unmet need that would result in a HCS grant award. The HCS grant application calculates the award amount based on the application inputs (as verified by the supporting documentation) as follows:

$$\text{Qualifying revenue losses}^{\text{ii}} + \text{Eligible COVID-19-related expenses}^{\text{iii}} - \text{Financial assistance received}^{\text{iv}} = X$$

... If X was greater than 0, the applicant may be awarded up to the total amount of X^v.

... If X was equal to or less than 0, the applicant will not receive an award.
